SYMPROVE™

Water-based food supplement with sweetener
Live & Active Bacteria

**Mango & Passion
Fruit Flavour**

Instructions

Shake bottle gently before use.
Take one full cup (70ml) of
Symprove every morning
**10 minutes before
you eat or drink.**

Designed to deliver approximately
10 billion colony forming units
(CFUs) per cup.

Food supplements should not be used as
a substitute for a balanced and varied diet.

Do not exceed the recommended
daily dose.

Storage

Keep in the fridge once opened. Store in
a cool, dry place out of reach of children.

**Please do not heat or freeze as you may
damage the live and active bacteria.**

See accompanying leaflet for
further details.
